Dear Parents/Guardians,

In August of 2021, Conroe ISD will open Ruben W. Hope, Jr. Elementary serving students in grades PreK through 4. The school is located at 14755 Granger Pines Way and will have a capacity of 950 students.

An Attendance Boundary Committee (ABC) has been established and is composed of parents and principals serving the elementary and intermediate campuses in the Caney Creek High School feeder, along with representatives from Patterson Elementary and Bozman Intermediate as well as CISD administrators. This committee will soon begin the process of developing zoning scenarios that will attempt to achieve a variety of goals including the following:

1. Creating an attendance boundary to populate the new campus
2. Reducing crowding at Austin Elementary and Creighton Elementary
3. Creating additional capacity at San Jacinto Elementary

Although the ABC will not be redrawing intermediate school boundaries, we are including representatives from intermediate campuses in the process because we anticipate opening an intermediate school in the Caney Creek High School feeder in 2023.

It is important to the District to obtain the input of parents and community members throughout the process. The District will share information about the process through live webinars, school newsletters, and the ABC web page at <https://www.conroeisd.net/about/attendance-boundary-process/>.

Each webinar will be recorded for viewing convenience.
